

STRIKING PACKING HOUSE WORKERS IN FAVOR OF STRIKE

Large Majority Votes to Continue Strike
Which Has Been in Effect Since December
5—Workers at Albert Lea, Minnesota,
Voted Unanimously in Favor of Continuance

(By The Associated Press)
CHICAGO, Jan. 26.—More than ninety per cent of the striking packing house workers voted today to continue the strike which has been in effect since December 5, according to figures announced tonight by officials of the Amalgamated Meat Cutters & Butcher Workmen of North America. These figures are based on the votes cast in East St. Louis, St. Joseph, Mo., Oklahoma City, Kansas City, Omaha, Sioux City, Denver, Albert Lea, Minn., and a part of the Chicago vote. Dennis Lane, secretary of the Meat Cutters' Union said tonight there was no doubt that the strikers had voted overwhelmingly to continue the strike. According to union figures there was no packing center where there was even a close vote on the question of returning to work. One of the closest votes announced was at Oklahoma City where 980 strikers voted to continue the strike and 121 voted to end it.

DEBT REFUNDING BILL SUBJECT TO RUNNING ATTACK

Is Man Handled by
Both Republicans
and Democrats

WASHINGTON, Jan. 26.—The allied debt refunding bill was subjected today to a running attack both from Republican and Democratic sides of the senate and was defended at some length by majority party leaders. When the senate adjourned the end of the debate was not in sight, but those in charge of the measure thought a final vote might be reached tomorrow. The first vote on an amendment to the bill today, an amendment was approved providing that the refunding bonds should not bear interest at less than 4 1/4 percent. The amendment was suggested by Senator Simmons, Democrat, North Carolina, as a substitute for the original finance committee amendment which would have provided that the rate of interest should be not less than that provided for in the existing law. The attack on the measure today was opened by Senator Johnson, California, who warned the senate that the reported plan of the administration to sell the foreign bonds to the American people was carried out "you won't need the league of nations to drag you into every imbroglio across the water."

With the bonds distributed among the people, he asserted, there would be constant pressure on the government to interfere in the affairs of the debtor nations. Supporting his amendment requiring congressional approval of agreements entered into with the debtor nations by the proposed debt refunding commission the California senator said congress was not responsible to the people and should not surrender its power to supervise the debt refunding. In this connection he attacked the secret session of the arms conference. Opposing the Johnson amendment, Senator Watson, Republican, Indiana, declared that a vote of the senate to accept it would be nothing less than "a vote of a lack of confidence in the president of the United States."

Senator Borah, Republican, Idaho took issue with Indiana senator declaring that congress had caused the creation of a debt and that it was responsible to the people for what happened to it. Senator Watson told the senate that the secretary of the treasury had authority to refund that portion of the foreign debt reported by direct advances in the treasury to the allied nations, but he did not have the authority to refund the deferred interest and the other obligations growing out of the sale of American war material and relief supplies to France, Poland and other nations. Senator Glass, Virginia, and Senator Simmons of North Carolina, both Democrats, contended that the secretary had full authority to refund the deferred interest. Chairman McCumber of the finance committee in charge of the bill, disputed this contention. Closing the day's discussion, Senator Heflin, Democrat, Alabama, wanted to know "what Wall Street interests were behind the proposition that the government put off to some far distant time the collection of the interest."

Below is the vote announced tonight by union officials:

City	To Continue Strike	Strike
East St. Louis	1351	43
Oklahoma City	980	121
Chicago (1st dist.)	490	21
Omaha	1702	297
Sioux City	764	59
Denver	341	14
Kansas City	2240	61
St. Joseph strikers cast 700 votes, Mr. Lane said, and 98 percent of the votes favored continuing the strike.		
Albert Lea, Minn., voted 100 percent to continue the strike, union officials said. Only one Chicago district was represented to-night and it was stated that the complete vote here would not be available until tomorrow.		

Today's vote on calling off the strike came after the strike had been in effect for seven weeks and the union offer to settle the dispute by arbitration met with no success.

The strike was called after the larger packing plants had negotiated agreements directly with their employees providing for a cut in wages and had refused to recognize the union.

The packers employed other workmen to take the places of the strikers and while some of the smaller plants were badly crippled, most of them continued to operate. The government attempt to arbitrate the strike but the larger packers refused to do so contending there was no dispute to arbitrate.

ASSOCIATION OF FORESTRY IS IN SESSION

Annual Meeting is Being
Held in Wash-
ington

(By The Associated Press)
WASHINGTON, Jan. 26.—The American Forestry association at its annual meeting here today, which also was in the nature of an observance of its fortieth anniversary, adopted a resolution opposing the transfer of the forest service from the department of agriculture to the department of interior.

Other resolutions urged congress to adopt a national forest policy law to improve fire prevention methods; increase research work and provide additional national forests and forest lands. The association in celebrating its anniversary called upon the country to mark another date also—the semi-centennial of the first Arbor Day in the United States, April 1, 1872. The opening address was made by Charles Lathrop Pack of Lakeview, N. J., the president, and he was followed by Senator Lenroot, of Wisconsin, who spoke on national forest problems.

CONDEMNS THIRD DEGREE METHODS

(By The Associated Press)
NEW YORK, Jan. 26.—Declaring that the "brutality of New York police in the employment of shameful third degree methods" should be ended, Magistrate Joseph Corrigan today sentenced Patrolman Patrick Lennon to thirty days in the work house for assaulting Owen Watkins a seaman. Magistrate Corrigan said he had examined Watkins and found his body a mass of bruises where he had been beaten with a club. The patrolman denied the charges.

**APPOINTMENTS PROHIBITED
AGENT FOR ILLINOIS**
WASHINGTON, Jan. 26.—Appointments of federal prohibition agents were announced today by Commissioner Haynes. They include Illinois, Charles Oscar Stroggquist, Chicago.

HOUSE FAVORS LAW TO STAMP OUT LYNCHING

Adopts Dyer Anti-
Lynching Bill by
Big Vote

(By The Associated Press)
WASHINGTON, Jan. 26.—The house today declared itself in favor of the federal government exerting its authority in an effort to stamp out lynching, passing by a vote of 230 to 119 the Dyer anti-lynching bill.

Seventeen Republicans joined 102 Democrats in voting in the opposition, while 8 Democrats and one Socialist, London, New York, voted with 221 Republicans in favor of the measure.

Representative Kelly, Republican, Michigan, voted in the negative. Representative Rainey, Democrat, Illinois, voted in the affirmative. The bill provides life imprisonment or lesser penalties for persons who participate in lynchings and for state, county and municipal officials who fail thru negligence to prevent them. The measure also stipulates that the county in which mobs form or kill anyone shall forfeit \$10,000 to the family of the victim.

Democratic opponents of the bill defeated in attempts to recommend it to the judiciary committee and to strike out the enacting clause made no concerted effort to have amendments adopted. They declared, "the vicious principle of the bill" could not be changed by amendments but expressed confidence that the measure never would receive senate approval.

PLAN CAMPAIGN TO MAKE CUBA AND MEXICO DRY

W. C. T. U. Plans to Dry Up
These Two Oases in
Desert

(By The Associated Press)
CHICAGO, Jan. 26.—The Woman's Christian Temperance Union tonight announced a campaign to carry the "truth about prohibition into Cuba and Mexico," in the hope of drying up these two cases in the prohibition desert.

Miss Anna A. Gordon, world and national president of the W. C. T. U. personally will conduct the campaign, starting on a lecture tour into the two countries early next month. Her itinerary will cover Havana, Matanzas, Santiago, Isle of Pines, Nassau and new province in the Bahamas. Miss Gordon in announcing the campaign said that one of her purposes on the tour would be to assist in strengthening the national W. C. T. U. organization in Cuba and Mexico so that the local organizations would be able to assist when the time comes for Cuba and Mexico to vote on prohibition.

FUNERAL OF POPE BENEDICT IS HELD

(By The Associated Press)
ROME, Jan. 26.—Beneath the flagstones of St. Peter's, where thousands of pilgrims come each year, lie the mortal remains of Benedict XV, whose benignant efforts thru all the years of the war were directed toward peace and after the war to the pacification of Europe and the world. The burial ceremony took place at 2 o'clock this afternoon and in the light of the perpetually burning tapers the body was lowered into its tomb. Those cardinals who had gathered in Rome for the conclave which is to elect a new pope assembled in the Basilica of St. Peter's, together with the diplomatic representatives of the foreign nations accredited to the Holy See. Outside the edifice great crowds knelt in prayer and waited for the end of the solemn ceremonial.

TRIAL OF SHERIFF IS CONTINUED

LITCHFIELD, Ill., Jan. 26.—The case of Sheriff John W. Wilson of Bond county, charged with eight other men with complicity in the \$36,000 robbery of the Bank of Panama, at Panama, December 19, has been continued until the April term it was announced today. The continuance was granted on Wilson's plea that his counsel would not be able to be in Litchfield for the present term.

EXAMINES COMPLETE WORK

MORRISON, Ill., Jan. 26.—The two state bank examiners who have been going over the books of the First State Bank of Lyndon, which closed following the disappearance of the cashier, A. R. Buzzell, finished their second check of the books today. Ezra Mathew of Sterling, has been appointed temporary receiver of the bank and following presentation to him of all pass books the examiners will decide whether the bank will reopen.

Conference Waits on Shantung Controversy

(By The Associated Press)
WASHINGTON, Jan. 26.—The machinery of the Washington conference virtually came to a standstill today while the delegates awaited results from President Harding's move for a settlement of the Shantung controversy.

Optimism over the outcome of the President's efforts gained ground in every quarter and the belief was unanimous that the few remaining major issues of the conference could well be delayed for examination in a clearer atmosphere after the most troublesome of all the far eastern problems is out of the way. Outwardly the Shantung problem itself was in a waiting stage, although important moves were taking place behind the scenes in Peking, Tokio and Washington. As if preparing for the announcement of a complete agreement the plenipotentiaries of the Tokio and Peking governments today cleared the last remaining collateral issues of the Shantung negotiations and agreed to meet Saturday morning to begin the drafting of a treaty. Only the central problem of the Tsingtao-Tientsin railroad, to which the compromise proposal supported by President Harding is directed now remains unsettled.

The Shantung meeting and a session of the draft sub-committee at which the Chinese radio resolution of December 7 was reaffirmed after agreement on additional declarations had failed, constituted the sum of formal conference activities during the day. The December 7 resolution proposed for conclusion of the unauthorized wireless concessions in China, while they would direct the future development of Chinese wireless system. Meantime another conference drawback disappeared when the Italians made known their readiness to assent to the six power treaty allocating the former German cables in the Pacific, on the assurances of conference leaders that Italy later will be permitted to share in a share in the cable lines formerly controlled by Germany in the Atlantic.

**TURN IN FALSE FIRE
ALARM; LIES IN JAIL**
(By The Associated Press)
CHICAGO, Jan. 26.—The desire of Herbert Mogge, 17, to watch the fire engines run, landed him in jail tonight. There weren't enough fires to satisfy Herbert, so he telephoned in a false alarm and then sat on the curb until the engines went by. When arrested he confessed to turning in four alarms today but the police failed in their attempts to gain a confession that he turned in the two false alarms which recently caused the death of three persons in a clash between two engines.

URGENT HASTE IN WATERWAY WORK

(By The Associated Press)
CHICAGO, Jan. 26.—Members of the Illinois Manufacturers' association are urged to write to Governor Len Small urging him to use his efforts in hastening work on the Illinois waterway project in a circular to them signed by H. H. Hotter, president and John M. Glenn, secretary of the association. The circular in addition to urging the members to write the governor asking that work be hastened on the deepening of the channel of the Desplaines and Illinois rivers and the building of locks so that fleets of barges can go directly from Chicago to the Mississippi by way of the Illinois river, writes their representatives in congress in the interests of the St. Lawrence river project.

AIR MAIL PILOT IN NARROW ESCAPE

(By The Associated Press)
SALT LAKE CITY, Utah, Jan. 26.—His plane perched on a shelf on a cliff 1800 feet above a ravine near Rock Springs, Wyoming, R. E. Ellis, air mail pilot escaped death yesterday by climbing 200 feet to the top of the cliff, according to information received by the Western Division of the United States mail service. Ellis was uninjured.

According to the report the plane entered a "down draft air current" and was sucked into a canyon and "pasted" on the cliff ledge. The mail was taken from the plane and rolled down the canyon where it was placed on another ship.

SHEEP MEN FIGHT DUEL TO DEATH

(By The Associated Press)
SALT LAKE CITY, Utah, Jan. 26.—Dan Brear, sheep man, shot Oscar Taylor, another sheep man to death in a duel on the range near Challis, Idaho, today, according to word received here. The duel resulted from a long standing dispute over the ownership of sheep. It is said, Brear is reported to have been charged with murder.

CHICAGO, Jan. 26.—Seven bandits with three large automobile trucks early today kidnapped a Michigan Central railroad detective, stole 100 barrels of beer and escaped despite a fusillade of shots fired by policemen.

The Detective Daniel McCarry was released unharmed near the loop. The beer was consigned by the Joliet Brewing Co. to Gus Zimmerman, a saloon-keeper.

CHICAGO, Jan. 26.—The Italian bike racers, Belloni, Sivocci, Gremo and Tonani who were to have sailed Saturday for America to take part in the 6-day bike race here, Feb. 12, will not compete, it became known today, by the announcement that their places would be taken by Bolzon and Oliveri, Italians, and Persyn and De Baets, Belgians, who will soon start on the trip to this country.

GIVES AVERAGE EARNINGS FOR MINE WORKERS

Official Says it is \$763
in the Pittsburgh
District

(By The Associated Press)
PITTSBURGH, Jan. 26.—Declaring that the annual average earnings of the 43,000 organized mine workers in the Pittsburgh district for 1921 amounted to \$763, Robert R. Gibbons, district president of the United Mine Workers, declared in a statement issued tonight that the wage scale proposed by the Pittsburgh coal producers' association last night was "preposterous and we know will be wholly unacceptable."

Giving his reasons for this assertion Mr. Gibbons said: "First because it establishes a wage rate that means but a meager existence for the men employed in and around the coal mines of the Pittsburgh district and second because the Pittsburgh Coal Producers' association who are the proponents of this wage reduction program are seeking to set aside the provisions of a contract made by and between the coal operators and the United Mine Workers of America at the command of the president of the United States in refusing to join in an interstate joint meeting for the purpose of endeavoring to make a peaceable solution of our present difficulties."

Mr. Gibbons also said that "our position is predicated entirely upon the knowledge and belief that the present wage scale is not sufficient to maintain the average family in a standard of decency and comfort."

INDUSTRY MUST NOT SEEK TOO MUCH PROTECTION

Senator Edge Warns Against
Too Much
Tariff

(By The Associated Press)
CHICAGO, Jan. 26.—Warning that industry should not seek a tariff protection which would serve as a wall against international trade and thereby stifle trade revival was given tonight by Senator Edge, Republican of New Jersey in an address before the Industrial Club of Chicago. Industrial America he said would profit more by getting back to work than by depending on legislation to restore economic health. The New Jersey senator also attacked the senate agricultural bloc for what he termed the failure of its members to represent the whole country and to seek general rather than class legislation.

In advocating the reasonable tariff, Mr. Edge said, it was the first time in history that this country was compelled to give discretion anywhere.

"As a protectionist," the senator continued, "I still adhere to the policy of a protective tariff but I am not one of those protectionists who believe that the old methods and policies will meet conditions which now exist. It is far different to write a tariff bill today, x x x We must recognize that trade cannot go alone in one direction, that if we sell, we must buy, and if they have no gold and we do not want any more gold we must accept imports or our export trade must perish."

Mr. Edge said that in writing the tariff bill consideration must be given to reviving the American merchant marine adding that its future was inseparable linked with the prosperity which this country and those from which it buys enjoys. He added that in his opinion the sales tax as a revenue producer was gaining strength among senators.

DEFEAT COMMUNITY SCHOOL PROPOSITION

(By Associated Press.)
LINCOLN, Ill., Jan. 26.—Voters of the Lincoln Community High School District by a plurality of thirty-eight votes, today defeated a proposal to construct a new school building to accommodate an overflow of students which has filled four temporary buildings in addition to the present school. A total of 3,313 votes were cast. Proponents of the proposition asserted tonight that they would seek another election on technical grounds, claiming that two other propositions were submitted on the ballot today in a manner which invalidated the election.

BODIES OF DROWNED BOYS RECOVERED

MURPHYSBORO, Ill., Jan. 26.—Bodies of three youths who drowned last night while skating on a pond near Cambria, 10 miles east of here were recovered today. The youths were Leslie Childers, 20, Leslie Newell, 14, and Gilbert Lemon, 19, all of Cambria. The ice broke when they ventured toward the center of the pond.

CONFERENCE ON AGRICULTURE IS MAKING PROGRESS

Is Now Considering Report of the Marketing
Committee—Wannamaker Wants Govern-
ment to Fix Prices on Cotton, Corn and
Wheat—Other Recommendations Made

(By The Associated Press)
WASHINGTON, Jan. 26.—The National Agricultural conference, after a day marked by several addresses and action on the recommendations of a number of committees met tonight to take up the report of its marketing committee. A sharp debate on governmental price fixing for agricultural commodities was expected to develop during consideration of this committee's report, advocates of the plan, defeated in committee having announced their intention of carrying their argument to the floor of the conference.

The conference today also entered discussion in the senate and at the hearing of the senate agriculture committee on the Ladd price stabilization bill, Senator Heflin, Democrat, Alabama, in the senate expressed hope that the conference would result in some good and criticized the selection of its delegates. The whole administration he declared "from the president down" is losing no opportunity to "rap" the congressional agricultural bloc which was unanimously endorsed by the conference.

Mr. Heflin's speech followed a declaration by Senator LaFollette, Republican, Wisconsin, that the condition of agriculture was the inevitable result of "forcible deflation brought about thru control of the nation's credit by the wild of a few great financiers and could not be cured by the resolutions of any conference."

Meanwhile at the senate agriculture committee hearing, J. S. Wannamaker, of South Carolina, a delegate to the conference, declared agriculture could be saved from bankruptcy only thru governmental fixing of prices for cotton, corn and wheat.

In a conference with newspapermen later in the day, Secretary of Agriculture Wallace voiced opposition to price fixing which he said would prove ruinous to the farming industry. He declared he favored plans to restore the purchasing power of the farmers' dollar to a parity with that in other industries.

The conference today took up committee recommendations and resolutions immediately after hearing a series of addresses by R. A. Henson, president of the Iowa State College of Agriculture and Mechanical Arts, Dr. E. D. Ball, director of scientific work of the department of agriculture, Richard E. Ely, professor of economics of the University of Wisconsin and Gifford Pinchot of Pennsylvania.

The resolution offered by the committee on agriculture and price relations which included the endorsement of the agricultural bloc in congress coupled with this commendation of President Harding and Secretary Wallace for their action in making possible and calling the conference. This resolution was adopted unanimously.

Some of the other recommendations of this committee which were adopted included: Limitation of the acreage of certain crops to balance production and to restore the farmers' dollar to a normal purchasing power. Compensation of the investigations of retail prices by the departments of justice and commerce. Vigorous action to place agriculture on a parity with other industries.

Financing of exports thru credits authorized by congress. Tariff protection for agriculture equal to that afforded other industries. Opposition to a tariff on potatoes.

The report of the committee on crop and marketing statistics which was adopted urged collection and dissemination by the department of agriculture of complete reports on everything of interest to producers, a federal census of livestock every five years and state surveys each year and a biennial census of manufacturers.

THE WEATHER

(By The Associated Press)

Anything that can be done, to promote hard road building to the west of Jacksonville will be distinctly beneficial. The business men of this city should join in encouraging movement to hasten better road conditions in that direction. The area south and west of the city offers the certainty of increased business. Good roads will be tributary to Jacksonville in the way that applies to the west and south.

It begins to look as if there is such a thing as calling together too many of the "best minds" of the country for consideration of pending public problems. The big farm conference at Washington in which Secretary Hoover is the principal figure, is giving decided evidence of blocs and factions.

There have been so many differences of opinion that the results of the conference are not likely to be as concrete or as helpful as has been true of some previous conference gatherings.

Mileage books on the railroads may come back as the result of a pending law which has the approval of the senate. The return of the mileage books would mean of course lower transportation costs and that seems to be one of the ends greatly to be desired in bringing about the much talked of return to normalcy.

At the conventions of highway engineers and road material men each year there is always a paper

presented on the subject of resurfacing old street pavements. The discussion of this big question has gone on for at least twenty years. Scores of cities have tried out different methods of resurfacing and yet today the question is not settled as to the advisability of topping worn pavements instead of tearing them up and building anew.

Certainly some time there should be such statistical data on this subject that city authorities will be able to determine just what is best in the matter of pavement replacement.

LOOKING BACKWARD.

Samuel Insull, of the Edison Commonwealth Co., and one of the most prominent men in the utility business, recently told an audience that if he had his life to live over again he would engage in the utility business. The average man has a feeling that if all of his life journey were to be retraced that he would take quite a different direction for his energies and make many changes.

There must be an extreme amount of satisfaction for the man of mature years, who is able to look backward and think that in the light of experience if he were to go the route of life again he would take up like tasks to accomplish.

In Mr. Insull's case the expression of his views cannot be credited to over self-appreciation, but rather to his knowledge that he has tackled enormous problems and solved them well, adding greatly to the comforts of life for countless people. A man of great wealth, he still finds his greatest pleasure in directing business enterprises thru seas of difficulties to shores of success.

Improved Roads Sufficient To Encircle the Earth.

What the new Federal highway appropriation to be expended under the direction of the bureau of public roads, United States department of agriculture, will mean to the country is accurately gauged in a synopsis prepared by the bureau, showing the use to which the \$275,000,000 previously appropriated by congress has been put. Up to December 31, \$212,077,246 had been put to work in projects either entirely complete or under construction. To match that amount the states appropriated \$285,379,312, making a total of \$497,456,558.

If placed end to end the roads to be paid for by this money would encircle the earth at the Equator and extend as far as from New York to San Francisco on the second lap. The total mileage of roads under construction and completed, the department's record show, was approximately 27,000 miles. Of this mileage 9,555 miles was in projects entirely completed. The balance of 17,445 miles was in projects which were still under construction but reported 69 percent complete October 31. In these projects there was the equivalent of 12,000 miles of completed road, so that the completed road to date was more than 21,000 miles, or nearly enough to encircle the globe.

Prior to 5 years ago the Federal Government took no active part in the road construction of the country. Today about one-half of all roads under construction are being aided financially by the Federal Government, and the construction is subject to inspection and approval of Federal engineers.

BRAVES DEATH TO RESCUE HER CHILD
CHICAGO, Jan. 26.—Mrs. Gertrude Hand, 22, tonight is in a critical condition in a hospital as a result of interposing her body when her husband tried to kill their 17 months old daughter. Hand, estranged from his wife, entered the home today and told Mrs. Hand that if he could not have the child he would kill it and himself. As he aimed his pistol at the sleeping baby, Mrs. Hand threw herself across the child's body and received three bullets. Hand then killed himself.

OYSTER SUPPER.
There will be an oyster supper at the Prentice Hall January 28, for the benefit of the Sunday school of Prentice. Supper at 6:30 P. M.

Lee Foster of Springfield, was a city arrival on business yesterday.

WITH THE SICK

Mrs. H. E. Frye, of Doolin avenue, who has been seriously ill with quinsy, is now improving in a gratifying way.

It will be gratifying to the many of her little friends and to the friends of the family to know that Little Miss Pauline Roberts Jones is recovering from her illness of pneumonia. The attack fortunately seems to have been a slight one.

Mrs. George Duwer of Waverly, formerly Miss Clara Midden-dorf of this city, who has been quite ill with scarlet fever and complications, is now on the road to recovery. This will be good news to Mrs. Duwer's many friends.

Merle Paschall who is employed at the Van Fossen Music store here, is now ill at his home in Virginia.

BUILDING PLANS WILL BE BOOSTED

Chamber of Commerce Will Co-operate With Loan and Savings Association In Acquainting People With Its Working Plan.

A co-operative movement is under way by the Chamber of Commerce and the Jacksonville Savings & Loan Association to increase interest in the association and thereby aid building prospects in Jacksonville. The Savings & Loan association has many more applications for loans than can be made. It is proposed to carry on a campaign of publicity in order to better acquaint the public with building association operations, and to so enlist their interest that they will become subscribers to stock.

It is the hope to secure a list of possible investors who will be willing to buy stock when called upon. In other words, the association will not wish to issue stock until the applications for loans have been passed upon by the loan committee, approved and the actual use for the money at hand. In the publicity campaign all the facts about the building association will be made public, so that people can have the understanding that in becoming stockholders in the building association they are making a good investment. Incidentally they will be boosting along the Jacksonville building program. In order to help give the public a better understanding of building association operations a forum meeting is planned for February 14, when a number of non-resident speakers familiar with the operations of building and loan associations will be present to take part in the discussion.

ESKIMO PIE

KIWANIS CLUB HELD WEEKLY LUNCHEON

Varied Program Had Much of Interest to Club Members—C. P. Dearman and W. H. Cocking Informing Talks on Oil Business.

At the Friday luncheon of the Kiwanis club, C. P. Dearman, a representative of the Roxanna Petroleum Co., W. H. Cocking and Dr. F. A. Norris were the speakers. Mr. Dearman came to Jacksonville as the guest of W. H. Cocking who had invited also all of his local competitors in the oil business.

Mr. Dearman is an Englishman who spent more than two years in a half in the English army in the war time, first in the infantry and after six months there in the air service. He told in a very modest way of some of his war-time experiences and gave some very interesting side lights on the war from an Englishman's point of view.

While Mr. Dearman said nothing about the matter himself, Mr. Cocking in referring to Mr. Dearman's remarks said that his guest had forgotten to narrate the facts about at least two engagements in which he was injured. Dr. A. B. Applebee was chairman of the day's program, which began with a group of songs by Miss Beulah Tull, with Willard Wesner as accompanist.

A Big Business.
Mr. Cocking presented some facts about the big business done by the Roxanna Petroleum Co., which handles enormous quantities of oil from Oklahoma. A pipe line extends from Oklahoma to the company's main yards at Roxanna, Illinois a distance of 500 miles and there it goes thru the refining process and is ready for distribution.

Mr. Cocking described some of the processes of refining and the different uses made of the various by-products. How gas oil, road and fuel oil and still other products are put in marketable condition was presented. Mr. Dearman is associated with Mr. G. G. Woodruff, the sales manager of the company, and the average daily output is 50 car loads.

These figures give some idea of the immense total of business that the Roxanna Company does in a year's time.

Dr. F. A. Norris, vice-president of the club, told in a very interesting way of some of his army experiences. Following Kiwanian custom attendance prizes were awarded and for this week were given to Fletcher Hopper and Edward Tomlinson.

Among the guests were Homer Wood, S. T. Metcalf, of Buffalo, Le Roy Craig, Howard Zahn, John Wilkeson, T. M. Tomlinson, J. E. Martin, David Schaffnit, W. L. Fay, J. S. Alkire, John Snyder, of Alexander, Mr. Dearman, William Rees, George Wheeler, Eb Spink and Frank L. Mawson.

Announcement was made of the committee to serve thru the year. The officers, directors and committees of Kiwanis are as follows:

Officers.
President—F. E. Farrell.
Vice President—Dr. F. A. Norris.

Secretaries.—Fletcher Hopper.
Treasurer.—C. E. Williamson.
Directors.—P. V. Coover, Dr. W. H. Weirich, Thomas Worthington, Rev. Thomas Smith, Rev. E. L. Fletcher, Marcus A. Hulet, Dr. A. B. Applebee.

Trustee.—Carl E. Robinson.
Program Committee.—Cole Y. Rowe, John Larson, Walter L. Frank, George Guthrie, Wood Phillips.
Membership Committee.—John Larson, Kieth Montgomery, Geo. Douglas, Chas. Williamson, Ed. Tomlinson.

Attendance Committee.—Will Babb, John Berger, Dick Wheeler, Roy Scott, Chas. Goodale.

Reception Committee.—Marcus Hulet, Clarence York, Walter Houston, Percy Coover, Garm Norbury.

House Committee.—Pletcher Hopper, Fount Andrews, P. C. Primis, Hugh Breeden, Gus Sieber.

Finance Committee.—Chas. Williamson, Hubert Littler, John J.

Johnson, Robert Mullenix, Milton Stout.
Education Committee.—Ben F. Shaffer, F. L. Fremmel, Thomas W. Smith, Thomas Worthington, E. L. Fletcher, George Stickney.
Publicity Committee.—Will S. Camp, Will Berryman, Bert Andre, Will Fay, Harold Welch.
Inter City Relations Committee.—Carl Robinson, John L. Johnson, John Butler, Alpha B. Applebee, Alfred T. Capps.
Public Affairs Committee.—Cole Y. Rowe, Wm. H. Weirich, Marcus Hulet, Frank Norris, Harold Welch.
Business Methods Committee.—Lloyd Reid, Vorse Bassett, Warfield Brown, Bert Andre, Wm. Floreth.
Classification and Grievances Committee.—Carl Robinson, Abe Gregory, Ollie Parker, Wood Phillips, Albert Renner.

WORLD WHEAT CROP PROSPECTS POOR

Expert With Bartlett-Frazier Co. Gives Views Based on Knowledge of Conditions in Wide Areas.

"Accepting the government's estimate of crops and carry-over of 883,000,000 bushels as correct and assuming the estimate of domestic requirements is approximately correct, the country, after deducting exports to date, had 31,000,000 bu. left for export and reserves on January 1," said J. E. Carney of Bartlett-Frazier, "all of which lies in the territory west of the Rocky Mountains, as we have already exported 152,000,000 bu. from east of the mountains out of a theoretical surplus of 141,000,000 bu. for export and reserves that we had to start with at the beginning of the crop year."

Conditions surrounding the forthcoming crops of the northern hemisphere probably present the poorest prospect on record in their entirety, and thruout a portion of Europe present conditions are very similar to those in our own southwest, where much grain has failed to germinate. Italy reports the driest year in the last three centuries, the United Kingdom the driest in 100 years, with numerous claims of deficient moisture over other extensive areas.

Following a short acreage last year, France reports a further decrease of 30 percent in acreage, while Rumania's acreage is reduced 50 percent. Of the 44,293,000 acres of winter wheat seeded in this country, over one-half shows a condition of 50 or lower, while 17,257,000 acres show a condition of 60 or lower, and the records show that only once during the last twenty-six years has the condition reported in December shown an improvement at harvest time."

Sydney Unger of Springfield, is in the city representing the firm of Price and company of Kansas City.

SPEED WAGON

Fits Every Business

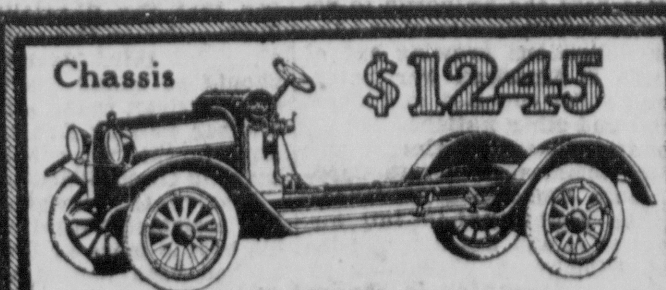

It is an amazing fact and a high tribute to Reo experience and Reo engineering, that this Speed Wagon has gone from one kind of service to another and proven cheaper.

Prior to the advent of this Speed Wagon, the work it does today was divided among several widely diversified and surprisingly low up-keep—this pneumatic tired Reo ability to cover territory—its absolute dependability types and sizes of motor trucks.

By its wonderful adaptability—its versatility—its dominates every field of hauling and carrying and it will do any and all forms of carrying quicker and has not invaded but conquered, and today absolutely delivering.

LARGE ATTENDANCE AT COOKING SCHOOL

Miss Hinkley Discussed the Well Balanced Meal—Salads Will be Main Subject Today

A crowd larger than any that had assembled previously, gathered yesterday at the Chamber of Commerce rooms to attend the Courier's free cooking school. The rooms appropriated for the school were filled and it is estimated that almost three hundred women were present.

The subject of the day's lecture by Miss Hinkley was, "Feeding the Family" and she gave a very practical talk on how to plan a balanced meal. Miss Hinkley pointed out the five food principles and gave the uses of food in the body. In a brief and simple manner she classified all foods under the five heads.

"A balanced meal constitutes the proper proportion of all these food principles," declared Miss Hinkley in her lecture. American people, Miss Hinkley pointed out, are apt to overeat of protein in the form of meats, starches and sugars. Americans do not eat enough fruit and vegetables. In illustration of this point she gave an example of well and poorly balanced meals.

Yesterday morning a meal was put in the Clark Jewel stove and in the afternoon it was taken out and the deliciously cooked food

served to those present at the school. The menu for this meal was as follows:

Spiced Baked Sliced Ham
Cauliflower with Hollandaise Sauce
Escalloped Potatoes with Pimientos
Pineapple Tapioca
Baked Apples with Karo Maple Sauce

During the afternoon Miss Hinkley also cooked apricot-prune sauce and made some delicious pastry baskets filled with fresh strawberries and whipped cream.

This morning a meal will be put in the oven and cooked for serving at this afternoon's session. Fried chicken, glazed sweet potatoes, creamed onions, spiced beef, and apple brown Betty comprise the menu to be cooked today. At two o'clock this afternoon the last of the cooking school sessions will be held. Miss Hinkley will take as the subject of her lecture, "Salads and Their Place in the Diet." Many new ideas in salads will be given and some suggestions will be made for sandwiches to be served with the salads. In her demonstration Miss Hinkley will make, mayonnaise, mock mayonnaise and Thousand Island dressing.

The following recipes were given at yesterday's demonstration: Baked Apples with Karo Syrup
3 1/2 tablespoons corn starch.
Juice of one lemon.
6 apples.
3 cups of water.
1/2 cup of Karo Maple Syrup.

Method. Quarter apples. Remove core, but do not pare. Place in baking dish skin side down at first. Mix sugar, corn starch, lemon juice and water and pour over apples. Bake until apples are tender, baste with sauce and when nearly done turn skin side of apples up.

Spiced Baked Sliced Ham.
One slice ham 1 to 2 inches thick.
2 cloves, 2 teaspoons mustard, 1/2 cup Karo Syrup, 1/2 cup vinegar, 1/2 cup water.

Place the cloves in the ham, mix together the liquids and mustard and pour over the ham which has been placed in a baking pan. Cover and bake in a moderate oven for one hour. This is improved by basting several times with the liquid.

Escalloped Potatoes with Pimientos.
Pare five or six potatoes and cut in thin slices; place these in an oiled baking dish in layers; sprinkle layers with salt and pepper, dredge with flour, add a few bits of butter and a little chopped pimiento. Pour over just enough milk to cover them and bake in a moderate oven until soft. A little onion juice and chopped parsley adds to the flavor of this dish.

Cauliflower with Sauce Hollandaise.
Remove leaves, cut off stalks from cauliflower and soak 30 minutes in salted water. Cook until soft in boiling salted water, drain and serve whole or in separate flowerets, and pour over Sauce Hollandaise. Sprinkle with paprika.

Pineapple Tapioca.
1 cup Minute Tapioca, 2 cups water and juice, 2 cups grated pineapple, 1/2 cup sugar, 1/2 teaspoon salt.

Cook ingredients together until tapioca is clear. This may be done in the double boiler or mixture may be cooked in the oven. A little lemon juice improves the flavor. Serve hot or cold, plain or with cream. Other canned fruits may be used in place of pineapple.

Baked Apples with Karo Maple Sauce.
2 egg yolks, 1-3 cup Mazola, 1-3 cup boiling water, 1-3 teaspoon salt, 1-3 teaspoon paprika, juice of a half lemon.

6 apples, 3 cups water, 3/4 table-spoons cornstarch, juice of 1 lemon, 1/2 cup Karo.

Quarter apples, remove core, but do not pare. Place in a baking dish skin side down at first. Mix syrup, cornstarch, lemon juice and water, and pour over apples. Bake until apples are tender. If apples are basted with the sauce they will have a glazed appearance. When nearly done they may be turned skin side up. The apples may be baked whole if desired.

Apricot Prune Sauce.
Wash apricots and prunes, place in layers in a baking dish, sprinkling

"Passing of the Third Floor Back," at Westminster Church Sunday night. Dr. Smith will preach.

BROKE UP HOUSEKEEPING
"We had to break up housekeeping on account of my wife's stomach trouble. No medicine did her any good for more than a few hours. On a visit to Oshkosh a friend praised Mayr's Wonderful Remedy so highly my wife tried it and she has enjoyed the best of health since." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

WOMAN'S COMPLEX LIFE
Woman's complex life with its multitudinous calls is given as the reason for many a nervous breakdown. Home work, social obligations, dressmaking and the care of children keep the 20th century woman in a whirlwind of activity until headaches develop, backache, nervousness and oftentimes more serious ills which are peculiar to her sex alone. Such women should not despair, but be guided by the letters so often published in this paper from women who have been in just such conditions, but who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

This is a root and herb medicine that contains no drugs and can be taken in safety by any woman.—Adv.

each layer with sugar. Cover with water and bake in a moderate oven until tender. For each pound of fruit use sugar.

Pastry Baskets.
1 1/2 cups flour, 1/2 teaspoon baking powder, 1/2 teaspoon salt, 1-3 cup Mazola, 4 tablespoons water.

Sift together dry ingredients, beat Mazola and water together until a thickened creamy mixture results. Add little at a time to the dry ingredients mixing to a dough. Roll out thin, cut pastry in squares and fit each square closely over inverted muffin tins allowing corners to be flat. Prick as any pastry shell and bake in a hot oven. Handles are made by twisting two strips of pastry together and placing horse-shoe shaped on a baking pan. Fill baskets with berries, sprinkle with powdered sugar or garnish with whipped cream. Place handles down into fruit to hold them in place.

Hollandaise Sauce.
Beat egg yolks. Gradually add Mazola, with seasonings and boiling water. Put into double boiler and cook until thick. Remove from fire and add lemon juice. May be served hot or cold. To be served on asparagus, boiled fish or salads.

Part of the doughnut recipe was omitted Wednesday, so it is given here:

2 eggs, 1 cup sugar, 1 teaspoon salt, 1 teaspoon mace, 4 tablespoons Mazola, 1 cup milk, 4 cups flour, 3 teaspoons baking powder.

Mix together the first five ingredients, add milk and stir well. Sift a all the dry ingredients at once and mix to a soft dough. A little more flour may be needed. To make four milk doughnuts—1 cup sour milk, 1/2 teaspoon soda and 1 teaspoon baking powder.

ERWIN BURBANK OF BLUFFS PASSED AWAY
Prominent Farmer Passed Away Wednesday Afternoon After a Long Illness—Internment to Be Made in Kansas.

BLUFFS, Jan. 25.—Erwin Burbank, prominent farmer died at 3 o'clock P. M. Wednesday at his home two miles south of town after an illness of two years.

Decedent was the son of the late James and Lutherna Burbank and grew to early manhood on the home place where his death occurred. In early manhood he went to Cahoon Mo., where he was interested in the planing mills of that city. Later he settled in Kansas, near Minneapolis.

After his father's death, about two years ago he returned to Illinois to take up his residence at the old home place. His wife and an infant daughter have preceded him in death. He is survived by the following children:

Dr. Archie Burbank, Kansas; Dr. Jesse Burbank, Chicago; the Misses Gladys and Helen Burbank who reside at home, the latter being employed as teacher at Apple Pie Ridge near her home. Also two brothers, Oscar of Bluffs and Joseph of Des Moines, Iowa.

Funeral arrangements are not complete but the remains will be taken probably Friday to Minneapolis, Kansas, where burial will take place.

CHICKEN PIE DINNER SERVED AT WOODSON
Successful Event Planned by Unity Workers of Presbyterian Church—Other Woodson News Items.

WOODSON, Jan. 26.—The Unity Workers of the Presbyterian church, Woodson, served chicken pie dinner Thursday at the home of Rev. and Mrs. A. E. Powell. The affair was planned and executed by the December and January committees, of which Miss Jane Irlam is the chairman. The patronage was very liberal and in every respect the dinner was a gratifying success. The menu included chicken pie, mashed potatoes, gravy, creamed peas, pickles, jelly, bread butter, coffee and fruit a-la mode and cake.

A business session was held after the dinner, at which time Mrs. John Hoagland, the president, presided. The February and March committees was appointed and includes Mrs. Hugh Vorhees, chairman, Mrs. John Hoagland, Mrs. Jack Leach, Mrs. Ida Butler and Mrs. Thomas Butler.

A rising vote of thanks was extended to the host and hostess for their hospitality and the meeting closed with prayer by Rev. Mr. Powell.

News Notes.
Mrs. Charles Irlam, who has been ill for the past three weeks is reported somewhat improved in condition.

The little son of Mr. and Mrs. Jerry Hawks has been quite ill but is now reported some better.

Mr. and Mrs. W. E. McCurley are now residents of Jacksonville and are occupying a home at the corner of Michigan and Clay avenues. Mr. McCurley has accepted a position at the Get-Gas service station on South Main street in Jacksonville which is now under construction. Mrs. Samuel Dean, a daughter of Mr. and Mrs. McCurley now resident at Manchester, will occupy the McCurley property here with her family after March 1st.

Born, Wednesday to Mr. and Mrs. George Brogdon, a son.

Rev. A. E. Powell is preparing some special sermons for next Sunday at the Presbyterian church, and it is hoped that the attendance will be large. He expects to be absent the following Sunday, in attendance upon a convention of the Moody Bible Institute in Chicago. Rev. Marion Humphreys, pastor at large of the Springfield Presbytery will occupy the pulpit at the church on that date.

Miss Hazel Green suffered a fall Monday which resulted in an injury to her back. The injury is

not a serious one but the young lady will be laid up for a time on account of it.

Mr. and Mrs. Howard Henry spent the day Wednesday with Mrs. Henry's mother, Mrs. Anna Ferguson, in Jacksonville.

FIRE DEPARTMENT MADE RUN THURSDAY
The fire department made a run to the residence of William Suiter, 342 East Independence avenue at 6 o'clock Thursday morning. Soot burning in a chimney caused the alarm and no damage resulted.

WITNESSES ARE
UNABLE TO GIVE
DIRECT EVIDENCE
Committee Adjourns Until
Wednesday of Next
Week
(By The Associated Press)
WASHINGTON, Jan. 26.—The
senate committee investigating
charges that American soldiers
were hanged without trial in
France probably will wait up its
work next week.
After hearing today eighteen
witnesses none of whom testified
directly in support of the charges
the committee adjourned until
next Wednesday at which time
12 witnesses will be examined.
Chairman Brandegee indicated
that an early report would be
presented to the senate.
The hearing today covered a
broad field.
Ivy Henderson of Chester, S. C.,
who served overseas as orderly
for Colonel R. C. Langdon, declared
in a letter presented by a
lawyer that Colonel Paul Malone,
a brigadier general in France had
shot and killed a soldier because
he could not keep up with his
command and that Colonel Langdon
who, he said, was a witness
reported the shooting.
Colonel Langdon, who was testi-
fying when the letter was read
asserted that he never heard of an
officer shooting a private and ex-
pressed the opinion that Hender-
son "was not very bright" and
that because of his mental condi-
tion probably thought the thing
was true, but that it did not
actually happen.
He denied all knowledge of the
alleged shooting.
Senator Watson, Democrat, of
Georgia, whose charges as to il-
legal executions led to the in-
vestigation, asked that Hender-
son be summoned.
Andrew Cheulene of Elmhurst,
N. Y., recently mentioned by Her-
bert L. Cadenhead of Greenville,
Miss., as a soldier who could
testify as to his charge that ten
or twelve men were hanged at
Is-Sur-Tille, declared he only
heard of two executions at that
place.
Cheulene insisted that if Cad-
enhead saw any he kept it to him-
self while in France.

STUDENT OF
CHICAGO U.
IS LOCATED
Elmer Lampe Suffering from
Asphasia, is
Found
(By Associated Press.)
CHICAGO, Jan. 26.—Elmer
Lampe of Eveleth, Minn., looked
on as the best freshman athlete in
the University of Chicago, dis-
appeared from the campus last
Monday and tonight was found in
a small South Side hotel, a victim
of aphasia and amnesia, appar-
ently induced by worry over poor
work in one of his classes.
Slightly revived by medical
treatment, Lampe tonight re-
covered sufficiently from the
aphasia to tell some of the details
of his disappearance.
From Lampe's partly incoher-
ent sentences the physicians at-
tending him learned that he had
left the Delta Kappa Epsilon
Fraternity House last Monday in
response to a summons from his
professor, in Spanish.
The professor told the lad that
he was almost certain to fail in
the course.
On his way home Lampe wor-
ried a great deal, he said, and
finally felt weakness and nausea
coming over him. From a previ-
ous attack of aphasia, he believed
he was again about to become a
victim of the disease and started
to run to his residence. He had
no memory of what had happened
from that time.

REBEKAHS WILL
INSTALL TONIGHT
Jacksonville Lodge Will Have Im-
pressive Ceremony in Odd Fel-
lows Temple East State St.—
Miss Esther Carlson Will be in
Charge.

SAYS PROHIBITION
CAUSES BABY FAMINE
CHICAGO, Jan. 27.—Prohibi-
tion and what he termed the in-
dependent attitude of modern
women have resulted in such a
scarcity of babies that the Child
Welfare League of America for
the first time is unable to meet
the demand for babies to be ad-
opted. C. C. Carstens of New
York, director of the organization
said in an address at the league's
middlewest conference tonight.
"If you want a baby for adop-
tion, get one now, for soon you
won't be able to," said Mr. Car-
stens.
"There are fewer babies being
born in the better class homes
because of the independent atti-
tude of modern women. After a
girl has been married a while,
however, she realizes that there is
something missing in her home.
Then she turns to adoption as to
the easiest way out, but finds that
prohibition has so decreased the
number of dependent babies by
improving conditions in the lower
class homes that the demand for
exceeds the supply."

PERSIA RECOGNIZES
IRISH FREE STATE.
DUBLIN, Jan. 26.—The Irish
Free State was officially recog-
nized by Persia today when the
Persian consul, Mr. Seropian vis-
ited Arthur Griffith and Michael
Collins at the city hall. He for-
mally conveyed greeting on be-
half of the Persian government and
the provision government of the
Irish free state.
The consul had announced his
impending by a formal letter ad-
dressed to the officials. Follow-
ing the ceremony of his reception
an official communication was is-
sued giving a translation of the
consul's message.
Mr. Griffith and Mr. Collins ex-
pressed thanks.
Roy Proctor of east of town,
had business calling him to the
city yesterday.

WITNESSES ARE
UNABLE TO GIVE
DIRECT EVIDENCE
Committee Adjourns Until
Wednesday of Next
Week
(By The Associated Press)
WASHINGTON, Jan. 26.—The
senate committee investigating
charges that American soldiers
were hanged without trial in
France probably will wait up its
work next week.
After hearing today eighteen
witnesses none of whom testified
directly in support of the charges
the committee adjourned until
next Wednesday at which time
12 witnesses will be examined.
Chairman Brandegee indicated
that an early report would be
presented to the senate.
The hearing today covered a
broad field.
Ivy Henderson of Chester, S. C.,
who served overseas as orderly
for Colonel R. C. Langdon, declared
in a letter presented by a
lawyer that Colonel Paul Malone,
a brigadier general in France had
shot and killed a soldier because
he could not keep up with his
command and that Colonel Langdon
who, he said, was a witness
reported the shooting.
Colonel Langdon, who was testi-
fying when the letter was read
asserted that he never heard of an
officer shooting a private and ex-
pressed the opinion that Hender-
son "was not very bright" and
that because of his mental condi-
tion probably thought the thing
was true, but that it did not
actually happen.
He denied all knowledge of the
alleged shooting.
Senator Watson, Democrat, of
Georgia, whose charges as to il-
legal executions led to the in-
vestigation, asked that Hender-
son be summoned.
Andrew Cheulene of Elmhurst,
N. Y., recently mentioned by Her-
bert L. Cadenhead of Greenville,
Miss., as a soldier who could
testify as to his charge that ten
or twelve men were hanged at
Is-Sur-Tille, declared he only
heard of two executions at that
place.
Cheulene insisted that if Cad-
enhead saw any he kept it to him-
self while in France.

STUDENT OF
CHICAGO U.
IS LOCATED
Elmer Lampe Suffering from
Asphasia, is
Found
(By Associated Press.)
CHICAGO, Jan. 26.—Elmer
Lampe of Eveleth, Minn., looked
on as the best freshman athlete in
the University of Chicago, dis-
appeared from the campus last
Monday and tonight was found in
a small South Side hotel, a victim
of aphasia and amnesia, appar-
ently induced by worry over poor
work in one of his classes.
Slightly revived by medical
treatment, Lampe tonight re-
covered sufficiently from the
aphasia to tell some of the details
of his disappearance.
From Lampe's partly incoher-
ent sentences the physicians at-
tending him learned that he had
left the Delta Kappa Epsilon
Fraternity House last Monday in
response to a summons from his
professor, in Spanish.
The professor told the lad that
he was almost certain to fail in
the course.
On his way home Lampe wor-
ried a great deal, he said, and
finally felt weakness and nausea
coming over him. From a previ-
ous attack of aphasia, he believed
he was again about to become a
victim of the disease and started
to run to his residence. He had
no memory of what had happened
from that time.

REBEKAHS WILL
INSTALL TONIGHT
Jacksonville Lodge Will Have Im-
pressive Ceremony in Odd Fel-
lows Temple East State St.—
Miss Esther Carlson Will be in
Charge.
Members of Jacksonville Lodge
No. 13 Rebekahs are looking for-
ward with much interest to the
regular meeting this evening
when the recently elected officers
will be installed.
The installation ceremonies
will be in charge of Miss Esther
Carlson, deputy Grand Master, as-
sisted by the following staff:
Deputy Grand Marshal—Fern
Haigh.

SAYS PROHIBITION
CAUSES BABY FAMINE
CHICAGO, Jan. 27.—Prohibi-
tion and what he termed the in-
dependent attitude of modern
women have resulted in such a
scarcity of babies that the Child
Welfare League of America for
the first time is unable to meet
the demand for babies to be ad-
opted. C. C. Carstens of New
York, director of the organization
said in an address at the league's
middlewest conference tonight.
"If you want a baby for adop-
tion, get one now, for soon you
won't be able to," said Mr. Car-
stens.
"There are fewer babies being
born in the better class homes
because of the independent atti-
tude of modern women. After a
girl has been married a while,
however, she realizes that there is
something missing in her home.
Then she turns to adoption as to
the easiest way out, but finds that
prohibition has so decreased the
number of dependent babies by
improving conditions in the lower
class homes that the demand for
exceeds the supply."

PERSIA RECOGNIZES
IRISH FREE STATE.
DUBLIN, Jan. 26.—The Irish
Free State was officially recog-
nized by Persia today when the
Persian consul, Mr. Seropian vis-
ited Arthur Griffith and Michael
Collins at the city hall. He for-
mally conveyed greeting on be-
half of the Persian government and
the provision government of the
Irish free state.
The consul had announced his
impending by a formal letter ad-
dressed to the officials. Follow-
ing the ceremony of his reception
an official communication was is-
sued giving a translation of the
consul's message.
Mr. Griffith and Mr. Collins ex-
pressed thanks.
Roy Proctor of east of town,
had business calling him to the
city yesterday.

New Arrivals in Caps
It keeps us humping to

THE EMERALD
One of the Worlds Three Precious Stones
The Emerald and the Ruby have been
classed in all ages as the most precious
of jewels, the latter because of its color being
considered by the purely romantically inclined
as heading the list.
But the Emerald has not lacked it follow-
ing among those of great wealth.
The term "Indian Emerald" is applied to
the specimen of warm, velvety, grass-green
stones which resemble those in the treasures
of the old Indian princes.
The Columbia Emerald is a warm, yellow-
ish green, while the Siberian has a distinct-
ively cold bluish-green color.
The "Indian Emerald" came from mines
unknown today.
The Emerald is a stone of beauty and ro-
mance and can be had in many beautiful set-
tings, at very fair prices.
If you are considering a birthday or an-
niversary gift, let us show you Emeralds,

ILLINOIS PREPARES FOR EUREKA GAME

Expect to Give Opponents Real Battle Saturday Night—Bale at Forward Rejuvenates Illinois Team.

Back on the home floor yesterday afternoon after splitting fifty-fifty on the trip to Bloomington and Normal on Tuesday and Wednesday, the Illinois College basketball team began preparations for the game here on Saturday night with Eureka College.

The play of the Blue and White against Wesleyan was similar to that against Monmouth here last week. The team was playing a first class five in the Wesleyan quintette, however, as Mace, Hauser and Zuiser form a trio of basket shooters seldom found on the team.

Determined to bolster up the offense in the Normal game Coach Harmon switched the usual lineup by sending Dale, the Dixon boy forward to work along with Antrabus. Dale soon justified the move by making life miserable for the Normal guards by following shots in an aggressive manner. Then Capt. Mellon caught the spirit of Dale's play and began to waste in. With these two six-footers following shots off the back board the Normal guards had a real task. Mellon caged seven field goals, the best scoring exhibition of his career.

Those who saw the Eureka game here last season will recall that the contest was a hair-raiser. The Eureka team finally won in a desperate finish. The Eureka team also defeated Illinois at Eureka last year so the Illinois boys have a double reason for being determined to reverse the tables this season and they propose to start Saturday night by drubbing Eureka, like the football team did them on last Armistice Day.

The game will start at 8:15 p. m., preceded by an inter-class curtain raiser between the Sophomore and Junior teams. Cooke, a former Normal player, from Bloomington, will referee the Eureka-Illinois tilt.

WILL RETURN TO CITY TO RESIDE.

Rev. and Mrs. J. O. Gary, it is understood will at no distant date return to Jacksonville to make their home. Rev. Mr. and Mrs. Gary lived here for a number of years but more recently have been resident in Boston, where Mr. Gary has been pastor of a church. Their daughter, Miss Helen Gary, who graduated last year from Wellesley college, is now in South America engaged in missionary work.

SUPPER AND BAZAR AT ALEXANDER CHURCH

Class of M. E. Sunday School Raise Next Sun Thursday Evening—Other Alexander News.

Alexander, Jan. 26.—The Bible class of the M. E. church served a supper at the church Thursday evening. The attendance was large and as a result there will be a nice fund to be added to the class treasury. The Rainbow class of the Sunday school held a bazaar in connection with the supper and this event was also a success.

Joel Strawn and son Elmer, Harry Kumble and Miss Katherine H. Kaiser attended the funeral of the late Mrs. Katherine Myer at New Berlin Thursday morning. Interment was made at Pleasant Plains.

Mrs. Elizabeth Stubbfield is seriously ill at her home here. J. S. Findley, secretary of the Morgan county Sunday school association, gave an address Wednesday evening at the M. E. church in the interest of Sunday school work. The speaker had much to say which was worth while to Sunday school workers and his talk was heard with great interest by all present.

Miss Lucille Mason of Jacksonville, was a visitor here Wednesday.

Several from here attended the Odd Fellows banquet at Jacksonville Thursday night, among the number being W. E. Morrow and John and William Colwell.

LIFE LONG RESIDENT OF SCOTT COUNTY DIES

T. H. Claywell Passed Away After Long Illness and Interment Was Made Thursday—Other Winchester Items.

Winchester, Jan. 26.—Funeral services for the late Tobe H. Claywell were held at 3 o'clock Thursday afternoon at the home of Charles Anderson, a nephew of the deceased, south of town. Rev. W. R. Johnson officiated. Music was furnished by a group of friends from the neighborhood in which the deceased formerly lived. In accordance with the wishes of the deceased the remains were carried from the home to the cemetery, a distance of about an eighth of a mile. All members of the family now deceased have been buried in the same way.

Mr. Claywell, who was 78 years, 6 months and 2 days of age at the time of his death, was born and reared in Scott county at the old Claywell homestead and for years resided in the Sand Ridge neighborhood. He was a truck gardener the greater part of his life but for the past two years had lived in Winchester. His illness covered a period of a year and was due to cancer. The wife of the deceased preceded him in death forty-eight years ago. One brother survives, Joel Claywell.

During his last illness Mr. Claywell had the faithful care of his son, T. B. Claywell, his daughters, C. B. Koth of Pueblo, Colo., and Mrs. William Coates of Barrow have been at his bedside for the past two weeks.

The fire department was called to the home of Joe Montgomery on South Main street at about 8 o'clock Wednesday morning. Mr. Montgomery was trying to thaw the radiator of his car by the use of a gasoline torch, which exploded causing the blaze. The flames were extinguished without the use of the department. Mr. Montgomery was slightly burned about the face and hands.

A small bank vault is on exhibition at the First State bank here, and has attracted a great deal of interest. It was purchased in St. Louis by E. G. Miner in 1857 and was one of the first bank vaults used in Scott county.

George Peak has returned from Denver, Colo., where George Peak & Son had quite a number of horses entered in the horse show. The Peak stables received first and second prizes in several classes.

John Pine of Naples was a business visitor here Wednesday. A very large audience filled the auditorium and Sunday school room at the M. E. church Thursday evening for the union revival services. Special guests of honor were members of the American Legion, who attended in a body. The theme of Dr. Violette was "What It Is to Work" and he delivered an especially strong sermon from this text. Special musical numbers were a solo by Mrs. Demerath and a number by a quintet including Samuel Cogan, Albert Buckley, Harry Dugan, Paul Stehman and Harry Glossup.

Samuel Bailey and family arrived Thursday from Jacksonville to visit Mrs. Bailey's father, Abraham Wright, who is in a serious condition.

D. A. R. DANCE AND CARD PARTY

The D. A. R. dance and card party, set for St. Valentine's night is to be one of the most delightful and brilliant events of the winter season. The affair is to be held at the Elks home, the Elks having most generously donated the use of their home to their sister organization, the Reverend James Caldwell Chapter of the D. A. R. The Darley-Brown Serenaders will furnish dance music during the evening and in the card room there will be tables for all who wish to play cards. The plans for the party are such as to insure a royal good time for everyone.

The committee in charge of the affair is chairmaned by Mrs. Irene Caldwell and includes Mrs. Virgie York, Mrs. Effie Baxter, Mrs. Fletcher Hopper, Mrs. Walter Rodgers, Mrs. Samuel Darley, Mrs. Vera Caldwell, Misses Pauline McMurphy, Edna Stout and Cora Cobb.

FRANKLIN MEETS J. H. S. TONIGHT

Morgan County Five Will Battle at David Prince—Neither Has Lost a Game so Far This Season.

What promises to be one of the best and most exciting games of the season is that scheduled for this evening in David Prince gymnasium between the high school basketball five of Franklin and Jacksonville schools.

When the final whistle blows this evening one of the teams will have a defeat chalked up against it. So far this season neither has been on the short end of the score.

Franklin this year has probably one of the strongest teams in this section of the state. Last year the team was one of the best at the district tournament and was noted out by Springfield, winner of the tournament by one point. Springfield also defeated Jacksonville in the tournament by one point.

This year Franklin has practically the same team with the exception of Sweet. However, in Reed she has a worthy successor to that player. Seymour, picked by the officials at the tournament as an all star forward, is with the team again and seems to be going better than ever. He has able scoring assistants in Reed and Wiley who plays the pivot position.

So far this season the visitors have given Waverly two defeats, the last one on her own floor by a big score. The team is brimming over with confidence and will fight from the first to the last whistle and will have a large delegation of rooters from Franklin to encourage them.

Jacksonville also has a clean slate, acquired against some of the strongest teams in this section. Among its victories is one over Athens on the Athens floor. That is the only defeat Athens has received this year and since then she has registered a victory over Springfield and other strong teams.

Coach Mitchell's tossers also have a victory over Springfield and last week invaded Pike county, where they took Griggsville and Barry into camp.

While Jacksonville is confident of the final result in tonight's game she is not underestimating the Franklin team. The players realize that this is one of the hardest games on the schedule and will be on their toes from start to finish.

During the week some strenuous workouts have been given the squad by Coach Mitchell. The team should be at top form and will have no alibis to offer after the game if fortune should smile on Franklin. But the men feel that old Dame Fortune will be with the best team and they believe they have the edge on Franklin.

The game will start at 8 o'clock and R. E. Harmon will referee.

DRAMATIC PROGRAMS AT HIGH SCHOOL

Three programs have been planned by the High school dramatic club for presentation in February and March. They will be given during assembly periods in accordance with the following schedule:

Feb. 10—Sketch, "Getting Rid of an Agent", with Clarence Wilson, Mary Sim, Dorothy Donovan and Helen Walton.

Reading, "Girls Don't Have No Fun", Russell Dunlap.

Feb. 24—Sketch, "Getting Ready for a Visit", with Maurice Obermeyer, Martha Strang and Mildred Underbrink.

Reading, "A Picture of Everyday Woes", Clarence Ingram.

Reading, "No Wonder He Was Surprised", Harry Furry.

March 10—Sketch, "Sending a Message", with Sarah Russell and Lee Baldwin.

Soap that Shaves

Shaving soaps prove of daily importance to every man. Any man who has a favorite can get his favorite soap here. If you're like to make a change, we can make a recommendation to you. We have soaps in cakes, stocks, powders and creams. And the prices here are the same as they are anywhere else for the same quality goods.

Queen Incubators Built to Hatch Without Trouble

QUEEN Incubators are famous for their large hatches of strong, healthy chicks that grow.

The Queen is accurately regulated, taking care of a temperature variation of 70 degrees without danger. It is built of genuine Redwood—very scarce in these days of imitation and substitution. Redwood does not absorb the odor from hatching eggs. Cheaper woods and pasteboard lining in iron and tin machines retain the odors to weaken the hatching chicks.

The Queen has double walls of California Redwood, with insulation between. The Queen hot water system prevents the eggs from drying out and provides ample moisture for the hatching chick. The Queen will come nearer to running itself without any more than ordinary attention than any other incubator made. (1)

Queen Brooders

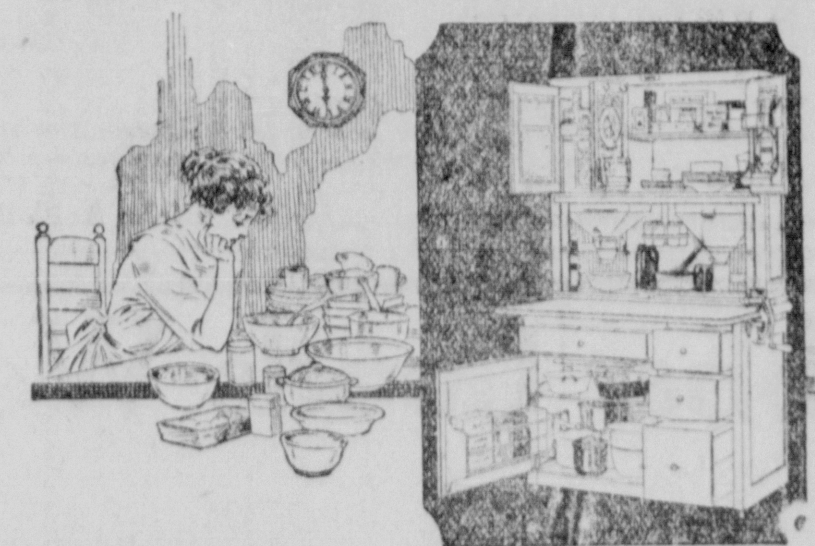

The Queen Colony Brooder is a new and improved design of brooder stove.

As will be seen from the illustration, the check and draft lids are cast together and operated together. Thus, when the fire is too hot, the water expands and closes the draft and opens the check, both at the same time. When it is too cool, the water contracts and closes the check and opens the draft. This keeps an even heat all the time, night and day, in cold weather or warm, and does it automatically. You don't have to pay any attention to it whatsoever. Just set the regulator for the proper temperature at the start of the season—it will do the rest.

The Queen stove burns any kind of fuel with equally satisfactory results.

30 YEARS DOING GOOD

Get rid of that catarrh while you can.

Catarrh gets to be a habit. For goodness sake don't get used to it.

Never be content to live on in that way—sleeping with mouth open, waking with that bad taste, coughing and spitting all day, an easy mark for colds and every epidemic of throat trouble that comes along.

Try Kondon's Catarrhal Jelly, used and esteemed for thirty years for clearing heads, soothing angry membranes and relieving Catarrh. It is a valued household remedy in thousands of American homes. Better than camphorated oil for children.

Kondon's Catarrhal Jelly is guaranteed not only by us, but by 30 years service for millions of Americans. If Kondon's doesn't do wonders for your cold, sneezing, cough, chronic catarrh, nosebleed, headache, sore nose, etc.—we'll pay your money back. On sale at all drug stores.

Avoid substitutes—make sure this signature is on the package you buy.

NICE People Gather

Whether to dine, to refresh one self or merely to meet a friend, Peacock Inn is the one appropriate place. Men, you will be proud to ask her to Peacock Inn.

We handle social affairs with skill and an accurate knowledge of each detail—Banquets, Dinners, Dances.

Peacock Inn

The Place to Dine
South Side Square

If cows gave only cream—

—Libby would can it just as it came from the dairies. But cows' milk is largely water.

Libby takes out half this moisture by evaporation—and adds nothing.

So it is cows' milk, double-rich, fresh and absolutely pure, that you get in the air-tight Libby cans at your grocer's.

Use it on your table and in all your cooking—as cream, just as it comes from the can—as milk, diluted with an equal amount of water.

Libby's MILK

"Let your grocer be your milkman"

BOOK PARTY GIVEN AT MEREDOSIA HOME

Russell Scott Entertains Party of Friends in Pleasant Way, Other News of Interest From Meredosia.

MEREDOSIA, Jan. 26.—Russell Scott entertained a number of his friends at a book party at his home Tuesday evening. George B. Kendall returned last evening from Champaign, where he attended the semi-annual conference of the Illinois State association of aFm Advisors held there Wednesday and Thursday of this week.

SHOW PICTURES IN

SCHOOL ROOMS.

That motion picture machines are especially adapted to school use, was demonstrated yesterday at the High school. Pictures were shown in several of the rooms and it was not even necessary to have ascreen for them. The machines were set up in a few minutes, the shades pulled down and the pictures thrown on the white walls. They were very clear and distinct.

So far the receipts on the entertainments being given every Tuesday evening have not been up to the expectations. At the present rate the High school will not have enough money to buy two of the machines at \$250 each. It is the hope of the school authorities that the people of Jacksonville will realize what these machines will mean to the school and turn out in large numbers to attend the entertainments.

Next Tuesday evening Rex Beach's "Going Some" will be shown. "Going Some" is all that its name implies. It is full of clean humor and the action of the west.

HEARD RADIO MESSAGE

FROM MISS SHEPPARD

Mention was made in the Journal yesterday of the fact that Miss Edna Sheppard had part in a radio concert given at Newark, N. J., last Friday night. It now develops that at least one Jacksonville person heard the message which Miss Sheppard sent at the close of the concert. Claude Vail stated yesterday that he

heard the concert at his home, on North Diamond street, and also heard Miss Sheppard's "hello, to the world." However, he missed the reference to Jacksonville and did not know until yesterday that the sender of the message was anyone known here.

Mr. and Mrs. Harold Strawn of Sinclair, were visitors to the city yesterday.

PLEASANT EVENT AT MURRAYVILLE HOME

Mr. and Mrs. Guy Smith Entertain High School Class of 1918—Other Items of Interest From Murrayville.

MURRAYVILLE, Jan. 26. — Mr. and Mrs. Guy Smith entertained at their home Saturday evening a number of the members of the graduating class of 1918 of the high school of which Mrs. Smith was a member. The hours were very pleasantly spent playing rummy and the occasion proved an enjoyable one in every way. The guest list included Mr. and Mrs. E. R. Clemmons of Centralia, Miss Harriet Cox of Jacksonville, Miss Eloise King, of Los Angeles, California, Miss Cecile Thady, Miss Mary Clark and Thomas Coyne.

Miss Harriet Cox of Jacksonville spent the week end with Mr. and Mrs. Guy Smith.

Mr. and Mrs. Warren Jones attended the funeral of Mrs. Jones' uncle, E. L. Andell, at Winchester, Tuesday.

Mrs. Hannah Tendick had the misfortune to fall Saturday and break her wrist.

Mrs. H. U. Osborne has been quite poorly the past week. Her daughter Mrs. E. R. Clemmons, of Centralia, is with her.

W. W. Mehroff has purchased the Austin King property.

Miss Margaret Sooy is slowly improving from her injuries received from a fall New Year's day.

C. A. Boruff of Jacksonville spent Monday night and Tuesday with home folks here.

Mr. and Mrs. Alfred Lamb and Mrs. George Durham and family attended revival services at Zion Saturday evening.

Carl Boruff of Saskatoon, Canada, came Saturday for a visit to his parents Mr. and Mrs. John Boruff and other relatives.

Mrs. Fred Gebhardt of Blackstone, Ill., is spending this week with relatives here.

Rev. and Mrs. L. T. Henninger are enjoying a visit this week from Mrs. Henninger's nephew, Laverne Barkley, of Danville.

Benjamin Wright has been confined to his home the past week, being ill with the flu.

Marion Volles of Manchester, Mrs. N. C. Carlson and Mrs. O. N. Angles were given the Rebekah degree Tuesday evening.

Howard and Loyd Fendrick, little sons of Mr. and Mrs. Edward Fendrick are quite ill with pneumonia.

Benjamin Kennedy of New Holland, is visiting relatives here.

AMERICAN MEMBERS LEGION TO BE GUESTS OF E. L. HILL

Members of the American Legion are looking forward with interest to an entertainment to be given at Jacksonville State hospital Wednesday evening, Feb. 8, especially in their honor. Dr. E. L. Hill has arranged for this program in recognition of the assistance of the Legion in connection with the work of the educational center for ex-service men. Wives and intimate friends of the members of the Legion are also invited.

FRANKLIN MASONS HAD ROOK PARTY

Members of the Franklin Masonic order and their families enjoyed a social evening Thursday evening at their hall. Rook was the principal feature of the evening and a large number took part in this popular pastime. Refreshments were served during the evening.

School Books

The attention of students is called to the fact that we carry a complete line of the school books carried in city, county, parochial schools.

We also carry a complete line of tablets, note books, pens, fountain pens, pencils, etc.

What Are You Going To Serve Those Hungry Youngsters?

With Karo selling at even lower than the low pre-war prices, you can give the young folks all they want—on pancakes, toast or biscuits—or spread on bread

YOU know it would take a young fortune to give children all the butter or jam or preserves they want to eat. That's one reason why so many mothers everywhere are giving their boys and girls lots of Karo—the Great American Syrup.

Karo is a true energy food, and helps bring strength and vitality to rapidly growing children—who use up a lot of energy in their play and study.

They'll say it's delicious. Please don't forget to tell the grocer you need it for breakfast tomorrow.

Way Back in 1860

WHEN this Company began making Farm Mortgages, every farm on which a loan was made was personally inspected by one of the founders of this business.

Today this same principle of active personal supervision and management by firm members is maintained in every department of this large national organization.

That is one Reason why we can GUARANTEE STRAUS FARM MORTGAGES as to the payment of both principal and interest.

Have you a Bank Account

Every man, whatever the size of his income, should have a CHECKING ACCOUNT at a good, strong, friendly bank. The day when only firms and individuals of wealth carried checking accounts has passed.

Today the salaried man and the wage-earner are accorded the same helpful cooperation at a good bank as the man of wealth. The size of an income has no bearing upon the service rendered to a depositor at this bank.

COME IN TODAY AND OPEN A CHECKING ACCOUNT AT THIS BANK

RARE ART STUDIES AT HIGH SCHOOL

Will Be on Exhibition at High School Library Friday, Monday and Tuesday—All Are Invited to View These Studies.

In the High School Library there are twenty-seven framed master-pieces which represent the pictures secured for the school system thru the recent Elson Art Exhibit which was held in the city schools and thru the contribution of the Girls' Club of the High School.

Many of the citizens of this community paid a small admission fee in order to see the well worth while exhibit when it was here. Now the school authorities are giving these people a chance to see what their small admission fee has done toward bringing to the city schools permanent framed pictures representing some of these studies.

In order that the public may take advantage of this, the High School Library will be open from 7 to 8:30 on Friday night of this week. There will be no admission charge and all are invited to spend a few minutes in seeing what such co-operation may mean toward bringing high type educational material into our schools.

The exhibit will be left up both Monday and Tuesday also. On those days those who wish may see the exhibit without disturbing any of the classes.

GENERAL WOOD

ISSUES ORDERS

Manila, P. I.—(By Mail.)

Office hours at Malacanang Palace hereafter are to be from 7:30 a. m., to two p. m., in accordance with an order issued by Governor General Leonard Wood. The order includes the entire office force of the governor general. Governor General Wood explained that by beginning early in the morning and stopping work early in the afternoon the officials and employees would have an opportunity for recreation after the day's work was completed.

ANNUAL MEETING TO BE HELD SATURDAY.

The annual open meeting of the Fortnightly Club will be held Saturday January 28 with Mrs. H. L. Caldwell, 807 West College avenue. Luncheon will be served at 1 o'clock.

DANGER OF JUST LETTING A COLD RUN ITS COURSE

Common Coughs and Colds That Hang on Persistently Are Apt to Lead to Serious Complications. Declare Authorities.

Public Warned to Beware of a Three Days' Cough and Break it Up Before It's Too Late, by Taking Kurokol, the New Scientific Discovery.

Money Refunded in Every Instance Where Kurokol Fails to Bring Relief.

Leading authorities are using every effort to arouse the public to the danger of letting common cold just run their course for it is now definitely known that many serious lung complications such as pneumonia, grippe, etc., are the direct result of colds that hang on persistently.

Colds are curable and preventable and it is a duty everyone owes himself as well as his neighbors to break up any cold they may contract, before some serious disease gets him in its clutches. It is pointed out that a three days' cough is nature's warning and the time for immediate action has arrived.

Of all cough and cold remedies, Kurokol, the new scientific treatment, which has been accomplishing such remarkable results all over the United States and Canada, probably provides the safest, surest and quickest, as well as the most practical treatment for colds yet discovered.

According to the statements of thousands who have used it Kurokol is almost magical in its effect. The first dose usually stops the tendency to sneezing and coughing, and relieves the feeling of discomfort, and the second and third doses usually suffice to stop the progress of a cold altogether.

The wonderful efficiency of Kurokol in breaking up a cold is best shown by the fact that all druggists are instructed to refund money in any case where it fails to give satisfactory results after three doses have been taken.—(Adv.)

NORTONVILLE

Several from here attended the dance given at Franklin Thursday night.

William Pennell and Dale Blimling spent Thursday night with Russel Miller.

John Miller and son Russel and Earl Rends and wife went to Jacksonville Wednesday night to see the big play, "The Bat."

Mrs. Mary Edwards spent Wednesday night with Mrs. J. P. Anderson.

Mrs. Sadie Seymour of Franklin spent the day with Mrs. Leta Herford, Wednesday.

Valona Wilson is on the sick list.

Mr. and Mrs. Roy Kelly are the proud parents of a son born January 22.

One of Mose Smith's sons is very low with pneumonia.

Mrs. Lewis Seymour is on the sick list.

Lloyd Cox and daughter Nina have been having tonsillitis.

Edward Maddox has pneumonia.

Carl Bonds and F. O. Tribble spent Saturday in Jacksonville.

Holland Wilcox and family spent Sunday with Ray Hayes and family.

RUSSIANS ARE GREAT SUFFERERS

TOKIO.—(By The Associated Press.)—Misery and suffering in Vladivostok among the Russian population is greater now than at any time since the overthrow of the Tsarist Government. Thousands of people are out of work, they have no food and most of them are scantily clad. To make matters worse fuel prices are exorbitant.

The above conditions are described in a letter from Mrs. Fray, local representatives to the Cross chapter in Tokio.

Some time ago the chapter issued an appeal to its members and as a result a fund of about Yen 500 has been raised. They want only cash contributions and their plan is to use the money in the purchase of materials from which the Russia refugees will make fancy needle work. Samples of this work are now on their way to Japan and the ladies of the local chapter of the Red Cross will take orders for this work and forward the funds to the Vladivostok relief workers. It is the intention of those directing the relief work to make the Russians

FRANKLIN

Dr. Charles Armstrong and family spent Sunday with Mr. and Mrs. Lester Gray in Alexandria.

Elgin Olinger returned Friday from a few days' visit in Tulsa, Oklahoma.

Mrs. Maurice Walsh, Mrs. Chas. Ryan, Miss Edith Flynn, Miss Ruth Tulpin and Miss Blanche Harney were guests at the home of Miss Grace Hill, Sunday.

Georgia Jolly spent Sunday in Springfield visiting his brother James Jolly and wife.

Miss Zelma Teaney is ill with scarlet fever.

Mrs. Mary Hamilton has been ill for several days with a severe case of tonsillitis.

Miss Emma Jackson spent the past week with Mrs. George Jolly.

Mr. and Mrs. Walter Shepherd and babe of Litchfield are visiting relatives here.

William Reese, one of the good roads boosters of Franklin, was in the city yesterday and attended the good roads meeting held in Jacksonville.

WHY LET YOUR HOGS GET SICK OR DIE?

We guarantee our remedy to save 95% of the sick hogs, stop the coughing, and destroy all worms in six days. If it don't do what we say, money refunded. Gets more worms than any worm capsules. Write for free information on diseases and cure of hogs and chickens.

Next Week is "Home-Baking" Week

Formerly Dr. Price's Baking Powder, when made with Cream of Tartar, cost 50c. With the introduction of phosphate we are enabled to sell

DR. PRICE'S PHOSPHATE BAKING POWDER

At Only **25c**

For a large size can, 12 oz.

To impress this saving on everyone, next week will be "Home-Baking" Week. This means a new era of better baking, more wholesome baking, economical baking.

New Dr. Price Cook Book Free at Your Grocer's Next Week

During "Home-Baking" Week every grocer will give away with each purchase of Dr. Price's Phosphate Baking Powder, the new Dr. Price Cook Book, containing the very baking suggestions every woman wants. It contains over 400 delightful recipes like the following:

ORANGE CREAM LAYER CAKE

½ cup shortening
 1 cup sugar
 1 egg

1 cup milk
 1½ cups flour
 ¾ teaspoon salt

4 teaspoons Dr. Price's Baking Powder
 1 teaspoon vanilla extract
 1 cup sweetened flavored whipped cream

Cream shortening; add sugar gradually, beating well; add beaten egg, one half the milk, and mix well; add one half the flour, which has been sifted with salt and baking powder; add remainder of milk, then remainder of flour and flavoring; beat after each addition. Bake in two greased layer cake tins in moderate oven 15 to 20 minutes. Spread the whipped cream thickly between the layers. Cover top with

ORANGE FROSTING

1 tablespoon cream
 1 cup confectioners' sugar
 Pulp and grated rind of 1 orange

½ teaspoon orange extract
 1 tablespoon melted butter

To the cream add the sugar slowly. Add orange pulp, rind, extract and melted butter. Beat until smooth and spread on top of cake.

Try this with Fresh Strawberry Icing (Page 18)

Dr. Price's Phosphate Baking Powder is the most wholesome low-priced Baking Powder obtainable. Guaranteed to contain no alum.

On Sale at All Grocers

HIGH TEMPERATURE DECREASES CREAM

Takes From Its Volume After Heat Reaches 145 Degrees Fahrenheit.

URBANA, Ill.—Altho pasteurization of milk is important and necessary, the volume of cream on milk begins measurably to decrease when the temperature of pasteurization rises from 142 degrees F to 144 degrees F, according to a bulletin issued by the agricultural experiment station at the University of Illinois.

"As the temperature goes higher, the decrease in the volume of

cream becomes rapidly more pronounced, at 145 degrees F it amounts to slightly more than 10 per cent by volume; at 146 degrees F, approximately 40 per cent," says the bulletin.

"The layer of cream on the bottle of milk as delivered to the consumer is important because the consumer uses it as an index of the richness of the milk and as a source of cream."

"Since 1900 a heating of the milk to 140 degrees F to 145 degrees F, for thirty minutes has been generally recognized as proper pasteurization. Recently there has been a growing demand that the temperature of pasteurization be increased to 145 degrees F for thirty minutes as a minimum time and temperature."

"In the operation of practically all large commercial pasteurizers, a variation of at least three degrees Fahrenheit is practically unavoidable. Many machines vary even more widely. Accordingly the requirement of 145 degrees F as the minimum temperature means pasteurization of 145 degrees to 148 degrees F."

"Repeated, careful studies by different scientists have uniformly shown that the most resistant disease germs which may enter milk are destroyed by a fifteen-minute heating at 140 degrees F. Under such circumstances pasteurization at 142 degrees to 145 degrees F., for thirty minutes provides a very considerable margin of safety, both in the matter of temperature and of time of exposure."

"The proposition to require pasteurization at a minimum of 145 degrees F for thirty minutes involves so large a destruction of the cream layer, which is highly esteemed by the public, that such requirement would probably result in a decreasing consumption of pasteurized milk. Accordingly, this increase in the margin of safety would hardly seem justified in the absence of any evidence that 142 to 145 degrees F is insufficient, and in the absence of any attempt to provide increased safety in other ways."

PUBLIC SALE

I will hold a public sale at my home in Murrayville Friday, Jan. 27th at 12 noon consisting of eighteen cows, all fresh by day of sale.

MT. EVEREST LEADER HAS GREAT STRENGTH

LONDON, Jan. 25.—Brigadier General Charles Granville Bruce who, despite his 55 years, has accepted the leadership of next year's ascent of Mount Everest, is a man of remarkable attainments. He was shot through both legs in Gallipoli, and, as he himself describes the event, "he rolled down the hill like a shot rabbit," but, being an irrepressible optimist, he recovered.

His personal strength is such that he could at one time raise and hold out at arm's length a well-grown person as he sat in a chair. Stories of his strength, his practical jokes and of other more serious exploits, are common property throughout northern India, where he has commanded a Gurkha regiment for years.

His passion has always been mountaineering. More than once he brought one of his Gurkhas home with him. Once he took with him to Switzerland, where the Gurkhas' uncanny skill in scrambling up impossible places produced great shaking of heads among the Swiss guides who had never before seen anything like it.

Should he be compelled to leave the vial peak to younger men, his vigor and thoroughness as an organizer and his experience as a leader of men will be invaluable, his friends say.

Miss Lora Angelo, Mrs. Mary E. Wright and Mrs. J. E. Thompson were among visitors in the city yesterday from Murrayville.

Heed The Danger Signals!

If we are not "fit as a fiddle" in the morning; if we don't feel better than when we went to bed; if our breath is offensive and we have that bad taste in the mouth. Nature has set the danger signals for us and we cannot afford to neglect the warning that she gives.

Probably eighty per cent of all diseases originate in the digestive organs, so it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn by headaches, coated tongue, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms.

Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction. The same theory should apply to stomach trouble.

The American people have learned that Tanlac probably provides the surest, safest and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results.

That is the reason for the phenomenal success of Tanlac and that is why it is proclaimed the world's Greatest Tonic.

Tanlac is sold in Jacksonville by Shreve's Drug Co., and Coover's Drug Co. and by leading druggists everywhere.—Adv.

Two Things You Demand

In Furniture and Housefurnishing—that they be of good quality and low in price. We meet this demand.

CLOSING QUOTATIONS WERE UNSETTLED

By Associated Press.
CHICAGO, Jan. 26.—Enlarged movement of the new wheat crop in Argentina had a tendency to make the price of wheat average a little lower today. Closing quotations were unsettled at 1c net decline to 3c advance, with May \$1.14 1/2 to \$1.15 and July \$1.02 to \$1.02 1/2. Corn finished 1/4c to 1/2c lower, and oats off 1/4c to 1/2c. In provisions the outcome was unchanged to 25c lower.
With advices at hand that Argentine farmers were offering wheat freely and that prices both at Buenos Aires and Liverpool showed a setback, the wheat market here gave evidence from the outset that buyers were at a disadvantage. Lack of demand was virtually noticeable at times so much so that reduction of 30,000,000 bushels in estimates of the Canadian wheat crop failed entirely to have any apparent effect on the market. Word that 50,000 barrels of flour had been sold for export from the United States led afterward however to something of a rally. Besides, St. Louis reported liberal sales of wheat to millers. Nevertheless buying orders for future deliveries of wheat continued to lack volume and upward in price were not well maintained as the session drew to an end.
Values of corn and oats worked downward a little in line with wheat but activity of export call for corn was a check against any material drop in prices.
Free selling of lamb by carpers and packers gave a downward slant to the provisions market despite an advance in the price of hogs.

East St. Louis Livestock
By Associated Press.
East St. Louis, Ill., Jan. 26.—(U. S. Bureau of Markets.)—Cattle—Receipts 2,500; beef steers, fat early stock and yearlings slow, few early sales steady; undertone weak; top \$8 for 1,083 pound weights; bulk beef steers \$6.25 to \$7.25; bulls weak to 25c lower; veal calves 25 to 50c lower; bulk \$11.25 to 12; top \$12.25; stockers steady.

Hogs—Receipts 20,000; active, strong to 10c higher; top \$9.15; bulk 120 to 180 pound shipping classes \$9.25 to \$10.15; bulk lights and medium weights \$8.40 to \$9.25; packer sows strong, \$6.50 to \$7; pigs 16 to 25c higher; \$7.50 to \$8; quality good.

Sheep—Receipts 2,000; fairly active; generally steady; lamb top \$13.50; bulk best lambs \$13 to \$13.50; mediums \$12 to \$12.75; culls \$8.50 to 10; ewes scarce, few heavies \$5.50 to \$6; light weights up to \$7.

ASHTON STEVENS
TALKS TO CUBS

Tells Them What It Takes to
Make a Good Dramatic Critic—
Wonder if He Can Speak With
Authority.

CHICAGO, Jan. 26.—Intimate advice from a veteran dramatic critic, Ashton Stevens of the Chicago Herald-Examiner, was supplied to youngsters at the newspaper trade here recently at the Joseph Medill School of Journalism, Northwestern University.

"Don't try to like anything—it can't be done," warned Mr. Stevens. "Your readers will find out when to discount you. But always remember this—that you are the worst auditor in the house for 'old stuff' and that by the same token, you ought to be the best for the new."

"If you are anything like the reporter who is talking to you, it will be your spine which will tell you when your eyes and ears have met a master play. I have found that my spinal column is the best dramatic critic in my family. When it thrills, when it jiggles, I ask no further proof."

"I was more than half my adult life a professional critic before I had enough theatre sense to know that McIntyre and Heath's hard luck negroes were quite as important to the stage as Forbes-Robertson's 'Hamlet.' McIntyre and Heath are the old masters of the only school of comedy acting ever born in this country."

"I don't think you have to be an actor to know acting, but I know it won't hurt you and I think it will help you in appraising plays, if you will write a play yourself. Of course you can destroy it. You can make that your first good deed as a drama critic."

Concerning managers and critics Mr. Stevens observed, I have yet to hear of an American newspaper discharging its critic because he got himself barred, but I have heard of American managers getting themselves roundly laughed at by their colleagues, not to mention their patrons, for barring a critic.

"Honesty is essentially the better part of dramatic criticism. Honesty is dramatic criticism's box score and you know how long a newspaper could fool its readers with false box scores."

"You will find that the term dramatic critic is as elastic as the word musical comedy. You will find weeks together in which you will write criticisms of dancing, of singing, of ground and lofty tumbling, of musical saws and of musical repartee, of tamed Indian clowns and trained oysters, of captive cartoonists and female impersonators—but not one criticism of drama, because there won't be any drama."

INVENTOR REFUSES

TO ACCEPT MONEY

PARIS, Jan. 26.—Professor Branly, who is regarded by France as the father of wireless telegraphy, because his coherer made the use of Herizian waves practicable, has declined an offer of 20,000 francs made by the Chamber of Deputies. This sum was voted toward the upkeep of Branly's laboratory and to aid his researches as the professors financial position was considered anything but easy.

Professor Branly wrote: "I cannot put myself in the same rank as Pasteur and Lammartine, who were, with every justice, objects of the same favor. They are too great names for me to be compared with them."

Miss Hattie Scott and Mrs. William Reese were callers in the city yesterday from Franklin.

LORIDA CITY HAS
OLDEST POSTOFFICE

Is Located in St. Augustine,
Florida—Built About Five Cen-
turies Ago.

ST. AUGUSTINE, Fla. — (By The Associated Press.) St. Augustine is believed to possess the oldest postoffice building in the country. Postmaster Charles F. Hopkins, after a research extending over a period of two years has received copies of official records in the "Archives of the Indies" at Seville, Spain, showing that the structure he now occupies was erected sometime between 1568 and 1603 by one Gonzalo Mendez. The King of Spain purchased the building in 1604 as a residence for the Spanish governors of Florida and it served as such until Florida was transferred to the United States in 1821.

In the archives at Seville were found official "letters and dispatches of the Governors of Florida seen in Council from the years 1568 to 1610" and one referring to the purchase of a home for the governor in St. Augustine indicated that the housing situation in America more than 300 years ago was little better than it has been the last few years. It read: "To His Majesty From the Governor Pedro De Ydarra on the 8th day of January 1604:

In this city they have never had a house for the Governor and when I arrived they lodged me in a house which was built over the seas, and it was so cold and damp that two Governors died here. These Governors were Gutierrez de Miranda and Domingo Martinez de Avedano. Even the owner himself has never been well in it, nor have I since my arrival."

"For this reason, there being no house to live in here, Gonzalo Mendez decided to build one and this he did in a good location."

"It is proposed by the officials of Your Majesty here that Your Majesty purchase said house of Gonzalo Mendez as a dwelling for the Governors. They have these dwellings everywhere but here."

The records show the petition was approved and the building was appraised at \$10,500 by officials named for that purpose. After some bargaining, however, Mendez agreed to take \$10,000 cash for the structure and it was purchased for that price.

You can get "White Rock" Gas and Kerosene, in any quantities, delivered to your home in city or country. Call Ill. phone 1830.

CHEKA IS STILL ACTIVE. MOSCOW, Jan. 26.—The activity of the Cheka, or secret police, has not been altogether lessened by the substitution of Umschlicht for jertzinski as its chief.

In Moscow the Cheka, among many other things, keeps watch over all foreigners, has pickets at the doors of all missions, Turkish, British, American, and so forth, and trails the heads of such missions. Sometimes it arrests Russians who visit them. Its agents also continue to search rooms and apartments, examining papers and persons, if not arresting.

The best thing said about the Cheka, both by foreigners and Russians, is that it appears to keep good order. Moscow is free from holdups. Outside Moscow, the same general rule holds good. "Thieves are shot." The arresting and persecuting of the old politicians and nobility continues to a painful degree in the outlying districts where a Cheka head may be all-powerful unless or until arrested himself by some one of his own organization.

That the Cheka will not go is due to the fact that there are too many judges and agents to whom it means a living.

PUBLIC SALE
I will hold a public sale at my home in Murrayville Friday, Jan. 27th at 12 noon consisting of eighteen cows, all fresh by day of sale.
VERNON BAKER

MANY WANT TO GET

AMERICAN PASSPORTS

KOVNO, Lithuania, Jan. 26.—Queues of about 50 persons, prospective immigrants to the United States, are waiting every morning at the opening hour outside the passport office of the American consulate here, which commenced work on November 7.

The number is growing daily, and it is understood that a steamship company here which has direct lines from the Baltic ports to America has already booked 2,000 passages in advance.

The majority of applicants appear to be women, while it is particularly noticeable that Jewish immigrants, contrary to expectations, seem for some reasons to be holding back, at least for the present.

WOULD STOP DERANGED

PEOPLE FROM MARRYING

COPENHAGEN, Jan. 26.—Persons of deranged minds and "in-beciles of a higher degree" would not be allowed to marry without permission, under a proposed law pending in the Danish parliament. Persons suffering from a certain infectious disease or epilepsy would not be allowed to marry unless the other party to the marriage is previously informed of the facts and both parties have been warned by a medical man of the dangers of marriage in such circumstances.

MEXICO WILL HAVE

STANDARD TIME

MEXICO CITY, Jan. 26.—Standard time in general use the world over will be Mexico's official time this year, according to a recent decree of President Obregon. Hours will be counted from 6 to 24 beginning at midnight.

RESIDENCE WOULD
GIVE CITIZENSHIP

BUENOS AIRES, Jan. 26.—Foreigners residing over five years in any country would obtain automatically the citizenship of that country under the provisions of a resolution recently

adopted by the Argentine Pro-League of Nations Association which it will send to the next meeting of the assembly of the league of nations with a request for its adoption.

The resolution is in accordance with a system of obligatory citizenship, of which Dr. Juan Carlos

Garay, an Argentine lawyer, is the author. This plan makes a fundamental distinction between citizenship and nationality and provides that foreigners automatically made citizens of the country of their residence shall not lose their original nationality.

CONFERENCE OF
FARM HANDS

A farm labor conference is to be held Saturday afternoon at 1 o'clock at the farm bureau office on East State street. All farm hands in Morgan county are invited to attend this conference to

discuss the question of wages for farm laborers.

Ed Patterson of Joy Prairie neighborhood, made a business trip to the city yesterday.

C. P. Henderson was a visitor from Literberry yesterday.

An All-Star Bill

Suppose you went down town tonight and found a single show whose twinkling lights boasted all these stars on its bill: Al Jolson, Nora Bayes, Van & Schenck, Bert Williams, Ted Lewis, Marion Harris, Frank Grumit, Dolly Kay, Paul Biese, Deiro, Furman & Nash.

"Some show!" you say.

You said it.

Right in your own home tonight you can hear each and every one of these popular stars in their latest hits on Columbia Records. All the favorite popular stars make records for Columbia only. Columbia has always led the way with the latest hits of the top-liners.

You follow the crowd to find a good show. Follow the popular record fans and you'll find what you want on

Courage

Courage is man's greatest asset.

The Automotive industry like all other businesses is in the stage of the "Acid Test." Being a comparatively young business this is its first real trial.

If the pleasure, convenience, and pride of possession which has characterized the automobile is to continue, you must meet the situation now and with courage in your heart.

You cannot abuse a mechanical contrivance to suit your convenience and not to be punished for the act.

Treat your car as one of the family, if you care for them, care for your car.

We treat Motor Car ailments.

Our Motto Is:

FIXING, not FAKING

Arrange for Time to Have Your Work Done NOW
